Education

High School Diploma in Mechatronics

May 2017

Technical High School Pula

CCNA Academy

Nov 2025

Diopter University

Technical Skills

Programming Languages: Python, Golang, JavaScript

Blue Team Skills and Tools: ELK Stack, Wazuh, Suricata, Email analysis, Network Security

Red Team Skills and Tools: Web security, Burpsuite, Vulnerability assessment

Other Skills: Linux and Windows core skills, Cisco device configuration, Writing technical documentation

Professional Experience

Bug Bounty Hunter | Hackerone, Intigriti, Bugcrowd

2023 – Present

- Testing web applications for security vulnerabilities and misconfigurations.
- Using Burpsuite for HTTP request inspection and interception.
- Reviewing JavaScript code for security flaws and hidden endpoints

Culinary Industry | Restaurants in Croatia

2017 – 2023

- Followed precise instructions and prepared food to order.
- Worked in dynamic workplaces in large teams often under a lot of pressure.
- Ensured the kitchen was up to code in the health department
- Negotiated with vendors over delivery timings and prices

Projects

SIEM Lab | ELK Stack, Suricata, Linux server

- Configured a functional SIEM server that ingests data from another Linux server using the ELK stack.
- Examined attacks and incoming alerts in real time

Web Recon Script | Python

- A script that executes my recon workflow when hunting for domain data.
- Gathers subdomains from various sources, permutes the subdomains and tests for live hosts.

File Health Checker | Golang

- The program uses filetype package by h2non to determine if the file type matches the extension.
- The file is then uploaded to VirusTotal if the API key is set and returns the analysis results.

Reflected XSS | Web Vulnerability

- Found a reflected XSS in a corporate website
- Reported the vulnerability through the OpenBugBounty platform.

Open Redirect | Web Vulnerability

- Found an open redirect vulnerability on a login page
- Reported the vulnerability through the OpenBugBounty platform.

Languages

Croatian - Native | English - Professional
